

FREQUENTLY ASKED QUESTIONS.

WHAT ARE THE STRETCH TENTS MADE OF, AND ARE THEY WEATHERPROOF?

RHI's stretch tents and stretch marquee fabric is a specially developed two way stretch fabric that is 100% waterproof. It is made with high tenacity yarns which make it super strong. It's treated with mould inhibitors, UV protectors, UV absorbers and a Teflon coating for dirt repellence. At RHI we manage our material's manufacture from thread to finished product.

WHAT ARE THE DIFFERENT NAMES FOR STRETCH TENTS?

Stretch marquees, Bedouin tents, Free form tents.

WHAT SIZES DO THEY COME IN?

From 3m x 4m to 18m x 25m, we can manufacture any size in between. The tents are modular in design, and can be joined together for larger functions.

CAN I RIG THE TENT IN DIFFERENT STYLES AND SHAPES?

Yes, the free-style and flexible nature of Stretch tents and Stretch marquees enables them to be set up in many configurations: with different pole placements, one can create spectacular shapes and forms. Larger tents can be rigged with there 'sides' up or down.

CAN YOUR TENTS BE SET UP ON DIFFERENT SURFACES?

Yes, with the correct anchoring equipment, RHI tents can be put up on all surfaces. Our Stretch Tents and Stretch Marquees, make light work of split-level landscaping, un-even ground surfaces, water features, natural vegetation or awkward shaped spaces around buildings. They give you new possibilities to entertain and provide shelter in areas you have not thought of before.

ARE THE TENTS SUITABLE FOR PERMANENT INSTALLATIONS?

RHI Stretch Tents and Stretch Marquees are not designed to be permanent structures.

HOW DO I DECIDE WHAT SIZE STRETCH TENT OR STRETCH MARQUEE I NEED?

Consult our [Size vs. Application](#) section. A RHI consultant will meet you for a site inspection if required.

ARE STRETCH TENTS AND STRETCH MARQUEES EASY TO PUT UP AND TAKE DOWN?

Yes, Stretch tents are easy to put up and take down. Tents up to 20mx10m (200m²) will take 3 riggers under an hour to set up and just 20mins to break. Tents up to 25mx18m (450m²) will take 4 riggers under 2 hours to set up and less than 45mins to break. Stretch tents and Stretch marquees are also easy to transport, store and maintain.

CAN THE TENTS BE ATTACHED TO FIXED STRUCTURES?

Yes, if there are no existing attachment points available, then Rawl bolts, Fischer hooks and or wood screws can be used to secure the tent.

WHAT COLOURS ARE THE TENTS AVAILABLE IN?

All tents sizes are available in Silver / Grey, Chino, Black, Red & White. For any other colours, a commitment of 800m² is required.

CAN THE TENTS BE BRANDED?

Yes, logos and images can be screen/digitally-printed onto the material.

CAN YOU SUPPLY YOUR TENTS INTERNATIONALLY?

Yes, our global reach currently extends to most European countries, including Spain, Ibiza, United Kingdom, Netherlands, France, Belgium and Germany. Our Stretch tents and Stretch marquees can also be found in South Africa, Kenya, Tanzania and Mauritius. We also supply tents into Asia and the Middle East.

DO YOUR TENTS COMPLY WITH SAFETY REGULATIONS?

Yes, all our tents comply with the receiving countries safety regulations. Safety and reliability is paramount at RHI.
