FABRICATION + METAL WORK

We take your creative ideas; add in some raw materials, technical expertise, and good old-fashioned elbow grease...and voila! Custom marketing assets that are sure to entertain, educate, and engage your consumers. Whether you need a shipping container that doubles as a sunglass store, a ski slope made from Styrofoam, or a forty-foot-tall football helmet made from fiberglass, our ever-expanding custom fabrication capabilities allow us to bring your wildest concepts to life. We'll even build the tame concepts if you need that too.

FESTIVAL + SAMPLING STRUCTURE

When the Waterloo Sparkling Water team came to us for options outside of a traditional 10 x 10 tent, we helped them develop a new look using our canopy structure design. We fabricated the metal canopy and printed the fabric walls to align with their brand standards. Did you know using fabric walls allow for seasonal updates of graphics and branding needs by simply installing the newly printed wall? They have used this assets at numerous festivals across the U.S. market with ease and hope you get to see it in action.

MOBILE UNITS + TRAILERS

We have been working on the launch of a few mobile builds and sent the latest POC mobile showroom out on the road. If you would like more information about a mobile trailer build or support for an upcoming live event, we have the team to help!

“Fostering strong communities has become incredibly important for passion driven brands like POC. We are here to protect lives and reduce the consequences of accidents for athletes and anyone inspired to be one. To deliver on this well, we need to take every opportunity to connect with our community. This trailer is a great tool to do just that. It allows us to create an environment that strengthens our connections when the greater bike and snow community comes together, whether that be at an event, trade show, or retail location. If we can make strong connections, we are able to protect more people, and that’s what we’re here for.”

-David Demartini, Chief Marketing and Digital Officer, Global at POC Sports

- New flooring
- Full wrap of exterior
- Fabrication of slot wall panels (laser cut and painted).
- Framed out interior walls for slat walls and SEG graphic
- LED light boxes for the POC logos on the two panels
