

HANGING SIGNAGE

With so many trade show display frames and configurations to choose from, EPS-Doublet can ensure that your graphics will stand out from the crowd. Most frames offer a 2-sided or multi-dimensional option, allowing for maximum impact with just one product, while others feature a unique shape, sure to attract attention of future clients and customers.

DIMENSIONS = STAND WIDTH X GRAPHIC HEIGHT

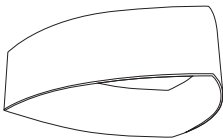

WAVE

A fun, curvy shape, available as single skin or pillowcase cover. Options include graphics and an opaque liner.

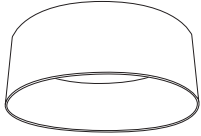

CURVED TRIANGLE

Traffic-stopping signage that glows when internal lighting is added. Available as single skin or pillowcase cover.

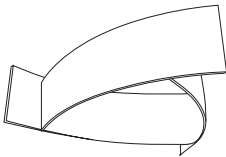

CIRCLE

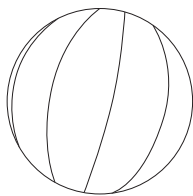

Versatile signage ideal for printed graphics. Available as single skin or pillowcase cover. Options include graphics, zip-in bottom, opaque liner, lighting and rotation.

PINWHEEL

A fun shape that sparks the imagination when spinning with an optional motor.

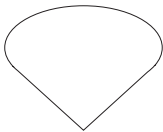

SPHERE

An eye-catching three-dimensional shape, ideal for dramatic printed graphics.

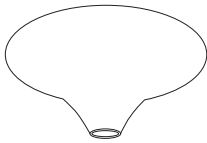

CONE

A simple shape with minimal internal framework, ideal for illumination.

GUNNEL

This stunning shape creates a bold centerpiece in any environment.

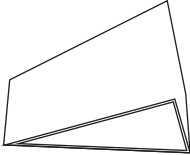

FOOTBALL

A dynamic shape that can easily hang above or mount atop another display.

TRIANGLE

Three-sided lightweight signage, ideal for printed graphics. Available as single skin or pillowcase cover.

RECTANGLE

A bold, attention-drawing shape that provides a versatile surface for printed graphics. Available as single skin or pillowcase cover.
