

POP-UP TENTS

Pop-up tents by EPS-Doublet are fast up, fast down and otherwise hassle free, making them ideally suited for multiple venue set ups, trade show booths and traveling product demos and sampling. Our proprietary tent frames feature cast aluminum connectors, sturdy welded feet and the bonus of user-friendly pull pin operation – traits uncommon to other tents. Customization of your printed tent canopy is a breeze as well with a wide variety of fabrics, fabric colors and printing techniques and locations, guaranteed to get your brand or promotion noticed in a crowd. Check out the Decorative Accessories for even more customization ideas on your tent.

TITAN™ POP-UP TENTS

The burliest, most durable frames in the industry, our exclusive Titan pop-up tents provide super heavy duty construction for repeated or long term commercial usage. Featuring sleek sloping lines and hexagonal shapes with white powder coated aluminum tubing, Titan pop-up tents offer an eye-catching structural base to highlight your branding. Sturdy pull pin extensions, and high quality wheeled carrying bags provide ease of use for multiple setup and tear-downs. Titan pop-up tents ensure excellent high end design and longevity for your investment. As with all of our lines of canopy tents, customization is a breeze with a wide variety of fabrics, fabric colors and printing techniques and locations, guaranteed to get your brand or promotion noticed in a crowd.
